

March 16, 2022
 To Whom It May Concern:

Please accept this letter as notification to the Wisconsin Department of Public Instruction regarding the Data Errata-Data Changes after DPI Publication.

After further review of the Final Secure Accountability Report Cards for both our district and our two schools, our student groups do not include Students with Disabilities under the Student Groups. However, when reviewing Achievement: Student Group Performance Levels By Year, there are Students with Disabilities included in the breakdown of percentages of students who achieved within each proficiency category/level. Students with disabilities are included in the other priority areas, as well.

In reviewing the snapshot dashboard for TFS in **2020-2021 (12-09-2020) TFS Enrollment Crosstab-Snapshot View**, there are no Students with Disabilities showing up.

However, when reviewing the October 1 snapshot in **2020-21 (12-09-2020) Oct. 1 Child Count Crosstab - Snapshot View**, the number of Students with Disabilities does show up.

I checked the most recent snapshot and it does look like the students with disabilities data was sent in the TFS Snapshot appropriately this year.

The screenshot shows a web interface for a TFS Enrollment Crosstab. At the top, it displays the title "2021-2022 (12-07-2021) TFS Enrollment Crosstab - Snapshot View". Below the title are configuration options: "Configuration" set to "Default", "Function" set to "Sum", and "Measure" set to "Count of Students". There are also "Save" and "Delete" buttons. Under "Render As", the "Table" option is selected. The interface is divided into "Available data" and "Columns" sections. "Available data" includes "Count Inclusion TFS", "TFS Disability", "EL", and "Gender". "Columns" includes "TFS SPED". A "Rows" section shows a table with the following data:

TFS SPED	Sped	Sped	Totals
Totals	751	100	851

I am hoping you can help me to remediate this error, based on my explanation provided above. Please let me know if there is additional information you need or next steps I will need to take in order to rectify this situation.

Thank you for your time.

Sincerely,

Jennifer Ganske
Assistant Superintendent Educational Services
